### GEORGIA DEPARTMENT OF VETERANS SERVICE

Serving Those Who Served

he mission of the Department of Veterans Service is to serve the 700,000+ veterans residing in Georgia, their dependents and survivors in all matters pertaining to veterans benefits.

This responsibility falls into two basic tasks: informing veterans and their families about veterans benefits; and directly assisting and advising veterans

and their families in securing the benefits to which they are entitled.

To support these missions, the department maintains an appeals division, field offices, two veterans nursing homes, two veterans cemeteries, and a public information division.

The Appeals Division's mission is to process appeals of Georgia veterans.

The Veterans Field Service Offices, located throughout the state, provide direct assistance to veterans at the local level. The department representatives provide counsel and assist veterans in gathering the documents and information required to support their claims.

The War Veterans Nursing Homes provide skilled nursing care to Georgia's war veterans who need those services.

The Veterans Memorial Cemeteries provide final resting places for Georgia's veterans and their spouses and serve as shrines to their memory and their service to our nation.

The Public Information Division's mission is to keep Georgia veterans informed about these issues.

The uninformed may be prone to use the phrase "duplication of effort" when referring to the functions

of the Department of Veterans Service and the U.S. Department of Veterans Affairs; nothing could be further from the truth.

To a veteran seeking benefits from the VA, the role played by the Department of Veterans Service might be compared to that of an attorney representing a client in court.

The necessity for personal assistance in filing and pursuing claims and in maintaining a continuing information program results from the legal principle that veterans benefits are not awarded automatically – all must be applied for.

The VA pays a veteran exactly what he or she applies for when they are entitled, and no more. The aim of

the Department of Veterans Service is to obtain for a veteran or dependents the earned benefits to which they are entitled, to tell them when they are entitled, and to assist them in gathering and preparing evidence needed to justify a claim and prove their entitlement.

The advancing age of Korean and Vietnam War veterans, and the frequent changes that occur in veterans benefits legislation, will necessitate the continuance of a variety of veterans programs in the years ahead.

As the Congress continues to seek ways to reduce the deficit, veterans benefits will continue to be in a state of flux.

This means veterans will continue to need assistance in interpreting the changes and determining how they impact their personal situation.

## **VETERANS EDUCATION**& TRAINING DIVISION

### State Approving Agency

By law, the Georgia Department of Veterans Service is designated as the State Approving Agency, responsible for approving and supervising all institutions and establishments in Georgia, which offer education and training under the provisions of the Veterans Educational Assistance Program.

Within the GDVS, the State Approving Agency (SAA) function is performed by the Veterans Education & Training Division. This division is responsible for ensuring approved institutions and establishments meet and maintain acceptable standards so eligible persons who attend may receive educational assistance from the U.S. Department of Veterans Affairs.

This includes all public and private schools and all establishments offering apprenticeship and other on-the-job training (OJT). The satisfactory performance of these duties requires extensive knowledge in education administration and understanding the laws and regulations that govern and control the Veterans Educational Assistance Program.

In 2020, the GDVS continued to expand opportunities for Georgia veterans to receive their education benefits while enrolled in approved on-the-job training (OJT) and apprenticeship programs.

The Montgomery GI Bill education program, initiated in 1985, remains a great success. This program expanded the education benefits program to include vocational, technical, flight, correspondence, and OJT/apprenticeship training for reservists and veterans.

The Post-9/11 Veterans Education Assistance Act of 2008 program expanded the benefits available to certain service members and veterans with active duty military service after September 11, 2001.

The Post 9/11 Veterans Educational Assistance Improvements Act of 2010 made significant improvements such as adding OJT/apprenticeship and non-college degree schools, vocational schools, and flight schools to what is covered under the Post 9/11 GI Bill.

The Department of Defense also offers a "Transferability of Education Benefits" option for the Post-9/11 GI Bill. This retention program requires eligible active duty veterans with at least six years of service to commit to an additional four years of service upon approval.

On August 16, 2017 the Harry W. Colmery Veterans Educational Assistance Act of 2017, also known as the "Forever GI Bill" was signed into law, which will bring significant changes to veterans' education benefits. This includes removing the 15-year limitation to use education benefits for veterans who left active duty on or after January 1, 2013.

During fiscal year 2020, there were 21,993 Georgians receiving GI Bill benefits at educational institutions. An additional 874 veterans were enrolled in OJT programs.

In total, 22,867 Georgia veterans were enrolled in college degree and professional programs, technical career programs, vocational programs, flight training, and OJT programs during fiscal year 2020.

In FY 2020, the approval of educational institutions and training establishments for the education of Georgia veterans resulted in the processing of numerous individual actions in the approval, re-approval, withdrawal and compliance survey process.

At the close of 2020, there were 394 approved educational institutions and 1,375 approved training establishments in Georgia. The Veterans Education & Training Division monitors all 1,769 approved educational institutions and training establishments.

The division conducts regular inspection visits to ensure approval criteria and schools' standards of progress are being followed as prescribed by law.

During 2020, personnel assigned to the Veterans Education & Training Division conducted numerous visits for the purpose of approval, re-approval, inspection, and compliance surveys.

For more information on all GI Bill programs, visit *benefits.va.gov/gibill* or call the GDVS Education & Training Division at 404-656-2306.

## PUBLIC INFORMATION DIVISION

he Public Information Division collects, evaluates, and disseminates information to veterans regarding changes in benefits laws, and proper procedures to be followed in the filing of claims.

When appropriate, the division mails news and information releases concerning veterans affairs to newspapers, radio and television stations throughout Georgia.

The releases are used to inform veterans about the latest changes regarding veterans affairs and to provide information on the status of proposed or

pending legislation that may affect them.

Through an aggressive internal communication program, the division keeps the field offices informed about changes in the law and policy interpretations that impact veterans.

The division supports the department's field

personnel in their efforts to promote the department and the services it provides by their frequent contacts with the news media in their respective areas.

Public speaking forums are an important ingredient of the department's overall information program. All department personnel are encouraged to accept speaking engagements at meetings of veterans organizations and civic clubs. These personal appearances provide excellent opportunities for telling the veterans benefits story. Department personnel also participate in local radio talk shows and make presentations at local schools.

The division compiles, edits, and publishes a series of print materials explaining in detail the various benefits available to veterans, their dependents, and survivors. These include books, flyers, and pamphlets, all of which are updated as changes occur in laws,

regulations, or benefits.

This division is responsible for the department's online presence, including its website, blog, and several social media channels.

Veterans, their families, and all others interested in veteran-related news are encouraged to follow @gavetsvc on Twitter, where the department is leveraging the social media service to share the latest news of the day as it happens.

Those interested in more in-depth news and a chance to interact with other veterans and veteran advocates are encouraged to "like" the Georgia

Department of Veterans Service's page on Facebook: facebook.com/ gavetsvc.

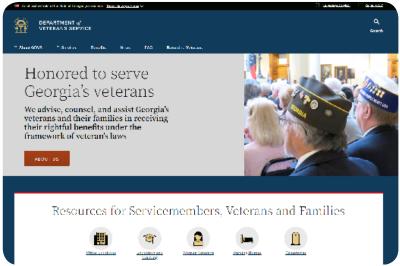

Although the division strives to utilize the latest available new media tools, the department's website, veterans.georgia.gov, remains the top source for official Georgia Department of Veterans Service information.

It includes many new features, a refreshed appearance, and makes it easier for veterans to find important information and office locations.

### GEORGIA WAR VETERANS NURSING HOME

### <u>Augusta</u>

he Georgia War Veterans Nursing Home in Augusta is a 192-bed skilled nursing care facility located adjacent to the campus of Augusta University and the Charlie Norwood Veterans Affairs Medical Center.

Georgia War Veterans Nursing Home is operated

under an interagency agreement between the Georgia Department of Veterans Service and Augusta University.

Primarily, the facility provides medical, rehabilitation, and skilled nursing services to Georgia's aged and infirm war veterans. Georgia War Veterans Nursing Home also serves

as a teaching facility to acquaint medical, dental, pharmacy, and allied health students with the medical conditions and diseases of the aged. This provides students with practical experience and helps them gain expertise in treating the disabled and the elderly.

Also located at the facility is a GDVS Veterans Field Service Office that serves residents of the home and veterans of Richmond and Columbia counties.

Dedicated in 1969, the facility was the first of its kind in the nation to be built with financial grant assistance from the federal government. It is one of a select group of such institutions accredited by the Joint Commission.

In fiscal year 2020, the nursing home provided 51,731 days of care to Georgia's veterans with an average age of 83. During the year, there were 166 admissions and 190 discharges with an average length of stay of 308 days.

Services to patients included 4,470 physical therapy treatments and 6,686 individual occupational therapy procedures.

Veteran patients were treated by a medical director and family medicine residents providing daily physician coverage. Other services were provided by

> a certified activities therapist and staff, three facility social workers and a staff of registered, licensed practical nurses and certified nursing assistants.

To help provide care and treatment, the federal government, through the Department of Veterans Affairs, provided financial assistance totaling in

excess of \$8.2 million during fiscal year 2020.

Throughout the year, veteran service organizations, civic and fraternal organizations and religious groups demonstrated their concern for the well-being of veteran patients through numerous donations, visits, and sponsorship of frequent activities for Georgia War Veterans Nursing Home residents.

### GEORGIA WAR VETERANS HOME

### **Milledgeville**

he Georgia War Veterans Home, situated on approximately 17 acres in Milledgeville, is a 375-bed facility licensed and certified by the U.S. Department of Veterans Affairs to provide skilled nursing care to aged and infirm Georgia war veterans. United Veteran Services of Georgia, Inc., a subsidiary of UHS-Pruitt Corporation of Norcross, operates the home for the Department of Veterans

Service under a contractual agreement.

The home operated three skilled nursing care facilities in 2020. The Carl Vinson Building remains at an 84 – bed capacity, the Joe T. Wood Building remains at a 140 – bed capacity and the Alzheimer's Unit remains at a 24 – bed capacity.

The Richard B. Russell Building is undergoing major renovations for a new

58 – bed skilled care sub-acute therapy unit which will treat service-connected disabled veterans as part of the home. In addition, a contract has been issued to begin construction in January 2021 for a 14 – bed facility to support the sub-acute therapy unit.

Once renovations are completed by spring of 2022, the Georgia War Veterans Home will have a capacity of 320 beds provided state funds remain available at the current level.

2020 was a challenging year for the GWVH. With the onset of the COVID-19 pandemic extraordinary measures had to be taken to help ensure the health and safety of our veteran patients, staff members, and visitors. As a result visitations, to include volunteers, were suspended, admissions were frozen, veteran patients were not allowed to leave the campus except for strict medical appointments, and veterans were not allowed to come to the Veterans Service Office located inside the Wheeler Building.

During fiscal year 2020, veteran patients at the home received 79,709 days of skilled nursing care. The nursing home admitted 73 patients during the year and

had 124 discharges/deaths. The average length of stay for current skilled veteran patients is 1,418 days or 3.8 years.

During fiscal year 2020, federal assistance in funding a portion of the cost of providing care to veterans in the home amounted to \$13,349,817.

As in previous years, many veterans service organizations, civic groups, and church groups

continued their sponsorship of numerous activities such as movies, games, dance parties, bingo, picnics, and other activities and programs for the general wellbeing of the veteran patients at the home. However, due to COVID-19, all of these activities were seriously curtailed or stopped in spring 2020.

Groups and individuals that comprised the

equivalent of 1,631 individual volunteers providing in excess of 5,295 hours of time valued at over \$51,540 presented over 306 activities during fiscal year 2020.

The value of donated items made available to the home during fiscal year 2020 was \$53,982. Groups and individuals also provided direct monetary donations of \$22,497 in support of special activities and projects.

The GDVS Veteran Field Service Office serving veterans in the home and in Baldwin, Hancock, Putnam, Washington, and Wilkinson counties is located in the Wheeler Building. This office also serves the 250 veterans of the Georgia War Veterans Home by assisting with compensation and pension claims, counseling services, and family-related issues. Veteran-related visits for this field office totaled over 6,230 for calendar year 2019. These visits resulted in more than 10,258 transactions in support of their well-deserved benefits.

The home also hosts a VA community clinic which provides outpatient care to veterans in Baldwin and the surrounding counties.

### GEORGIA VETERANS MEMORIAL CEMETERY

### <u>Milledgeville</u>

eorgia Veterans Memorial Cemetery at Milledgeville is located approximately five miles south of downtown Milledgeville along Georgia Highway 112.

This cemetery, established on 142 acres the Georgia Department of Veterans Service received from

the Georgia Forestry Commission, includes an administration/ visitor center with a state-of-the-art information booth, a committal chapel, a carillon, and 12 columbarium shelters for cremations. Cemetery grounds also include a six-acre lake and a three-acre, multi-tier walled ceremonial area.

The cemetery will eventually be the final resting place for more than 100,000 eligible veterans, their spouses, and eligible dependents.

As of December 1, 2020, there were 4,189 veterans, spouses and dependents buried at GVCM. Burials are composed of 2,869 casketed burials, 771 cremations, 521 in ground cremations, and 28 memorial markers.

The cemetery celebrated the opening of its Phase III expansion in October 2018. The expansion includes 15 acres of developed land and added space for 1,520 pre-placed crypts and 320 columbarium niches.

Due to the outbreak of COVID-19, celebrations and remembrances looked different at the cemetery in 2020.

The avenue of flags is displayed when ceremonies are held at the cemetery, such as Memorial Day and Wreaths Across America. In addition, it is displayed on Flag Day, Independence Day, and Veterans Day.

Flags were placed by cemetery staff on all burial sites and at the front entrance of the cemetery in recognition of Memorial Day and Veterans Day.

In December 2020, the cemetery invited families and organizations to place wreaths while following public health guidance and safety protocols. The

public Wreaths
Across America
ceremony honoring
our past and present
military was canceled,
but all veterans were
honored.

Seven wreaths, provided by the Worchester Wreath Company, were presented at the entrance of the cemetery to honor each branch of our Armed Forces.

Merchant Marines and POWs/MIAs.

The cemetery typically has many visitors each year. Some are visiting grave sites, some are seeking information about the cemetery and burial requirements, and many have just heard about the cemetery and want to see the grounds.

While 2020 saw a decrease in general foot traffic, families and visitors were still invited to visit the grounds while following public health guidance rules.

Cemetery staff members remained active in the local community and met with business groups, veterans organizations, and church groups through teleconferences.

The GVMC's hours of operation are Monday through Friday 8 a.m. to 4:30 p.m., excluding official state holidays.

The cemetery is open to families, visitors, and the general public seven days each week from 8 a.m. to dusk.

### GEORGIA VETERANS MEMORIAL CEMETERY

### <u>Glennville</u>

eorgia Veterans Memorial Cemetery – Glennville is situated on the 42.6 acre site of the former Dyess Farm, just north of the Glennville city limits on U.S. Highway 301, 25 miles west of the main post of Fort Stewart.

The initial 26-acre phase of the cemetery contains

1,400 pre-placed in-ground double vaults, for eligible veterans, their spouses, and eligible dependents; 766 conventional single depth sites; 1,384 cremation interment sites, which include a columbarium and inground sites; and 429 spaces for memorial markers. These memorial markers are placed in memory

GVMC–Glennville was dedicated on November 28, 2007, and will eventually be the final resting place for more than 21,000 veterans, their spouses, and eligible dependents. As of December 31, 2020, there were 1,771 veterans, spouses, and family members interred.

A key feature of the cemetery is the co-location of the Glennville Veterans Field Service Office, which provides assistance to veterans and their families in Bryan, Long, Tattnall, and Wayne counties.

In 2020, GVMC–Glennville was not able to host its annual Memorial Day ceremony because of COVID-19 restrictions. The cemetery was still open to visitation and the cemetery staff placed U.S. Flags on each veteran's gravesite for the weekend. The cemetery takes great honor in welcoming guests to the event and looks forward to continuing the tradition when public safety allows.

For Veterans Day, local Boy Scouts and Cub Scouts from Troop 929 placed U.S. flags at the grave sites of the veterans interred in the cemetery. They assist the cemetery staff yearly with this task and give honor to those veterans buried here.

Due to COVID-19 concerns and restrictions.

was honored.

The cemetery held a small, private ceremony to place ceremonial flags for all who served in the Army, Marine Corps, Navy, Air Force, and Coast Guard, along with ceremonial wreaths for Merchant Marines that served in support of WWII and in honor of POW and MIAs.

During 2020, the cemetery staff restricted services and discontinued formal ceremonies at the cemetery to limit crowds for the general safety of cemetery staff along with the public.

The cemetery remained open during the COVID-19 pandemic and continued to conduct burials in the best way it could to honor those buried in it. Cemetery visitation to graves was not effected by the restrictions.

GVMC–Glennville's hours of operation are Monday through Friday 8 a.m. to 4:30 p.m., excluding official state holidays.

The cemetery is open to families, visitors, and the general public seven days each week from 8 a.m. to dusk.

### Activities

As the COVID-19 pandemic continued its global impact, the GDVS received a donation of masks for residents and staff at Georgia's war veterans homes. Members of the R.O.C. Veterans Association and the Taipei Economic and Cultural Office donated masks in July 2020.

The Georgia Military Hall of
Fame revealed the Class of
2020 in the rotunda of the State
Capitol Building. Governor
Kemp, Commissioner Roby,
state legislators, and other state
officials welcomed the selected
veterans and their families during
the unveiling ceremony.

The GDVS opened a new office in Grovetown in November 2020. The office supports over 16,865 veterans and their families in Columbia County.

Veterans from allied nations were eligible to receive Georgia veteran driver's licenses in 2020 after the signing of HB 819. The GDVS met with state legislators to celebrate the first issuance of veteran driver's licenses to Korean American veterans.

### Annual Training

The Georgia Department of Veterans Service annually gathers its Veterans Field Service Officers and Appeals Officers for training to ensure all employees maintain certification and stay up-to-date on the latest changes to regulations governing veterans benefits.

Due to COVID-19 precautions for the safety of our staff, Annual Training was held as a series of targeted virtual trainings. Service officers were split into small groups to focus on vital competency areas and foster collaborative discussions on changes to veterans benefits policies.

The department's Training and Development Division plans and coordinates lessons for all department employees. Following the year's virtual trainings, employees completed a comprehensive test to maintain their accreditation with VA.

Veteran population estimates, as of September 30, 2019, are produced by the VA Predictive Analytics and Actuary Service (VetPop 2016)

<sup>#</sup> Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis County, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels

<sup>\*\*</sup> Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC),

Expenditure data sources: USASpending gov for Compensation & Pension (C&P) and Education and Vocational Rehabilitation and Employment (EVRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs

Expenditures are rounded to the nearest thousand dollars. For example, \$500 to \$1,000 are rounded to \$1; \$0 to \$499 are rounded to \$0; and "\$ -" = 0 or no expenditures.

The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disabilities; dependency and indemnity compensation for service-connected deaths: veterans' bension for nonservice-connected disabilities: and burial and other benefits to veterans and their survivors

Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.

Medical Care expenditures are allocated to the patient's home location, not the site of care.
