Introduction

Georgia is proud of the benefits available to veterans in the state.

This book is intended to provide an overview of these benefits with general explanations and descriptions of each.

For a full understanding of any benefit, as well as assistance applying, please visit any office of the Georgia Department of Veterans Service (GDVS).

The GDVS exists to serve the veterans of Georgia and their families. The department offers a wide range of superb services and programs, including excellent veterans benefits assistance; devoted claims and appeals support; skilled nursing home care; compassionate cemetery committal services; and rewarding veterans education, on-the-job training, and apprenticeship training program management.

GDVS representatives strive to ensure Georgia's veterans receive all of the federal and state benefits to which they are entitled. For more information regarding benefits or other veterans issues, call 404-656-2300 or visit veterans.georgia.gov.

The benefits described in this book are available to Georgia veterans pursuant to the authority of the state constitution, the Official Code of Georgia Annotated, and the authority vested in the GDVS and other state government agencies.

References to specific sections of the law governing certain benefits are included in an appendix at the back of this book.

Please remember – no benefit is automatic; eligible veterans must apply for their earned benefits in order to receive them.

Disclaimer: This book is intended for informational purposes and no assurance of benefits is implied. To verify eligibility, please contact the GDVS.

Defining “Veteran”

For most purposes in Georgia law, the term “veteran” is used to mean someone who has, in the past, served in one of the U.S. armed services and is now a civilian.

However, many veterans benefits are limited to those with an honorable discharge or at least require the character of discharge to be other than dishonorable. (These restrictions are noted in the individual benefit descriptions.)

Generally, the term “veteran” does not include anyone currently on active duty. However, some benefits may also be available to those on active duty or to current members of the Georgia National Guard or Reserves. (These exceptions are noted in the individual benefit descriptions.)

Disabled Veteran Homestead Tax Exemption

This exemption is available to honorably discharged Georgia veterans who are considered disabled according to any of several criteria.

In order to qualify, the disabled veteran must own the home and use it as a primary residence. The exemption extends to surviving unremarried spouses and minor children as long as they remain in the homestead or a subsequent homestead in the same county.

For purposes of this tax exemption, a veteran may be considered disabled due to:

- 100 percent service-connected VA disability rating *
- 100 percent totally and permanently disabled *
- 100 percent totally disabled – nonpermanent (requires annual recertification) *
- Less than 100 percent disabled but paid at the 100 percent rate due to unemployment *
- Loss or permanent loss of use of one or both feet *
- Loss or permanent loss of use of one or both hands *
- Loss of sight in one or both eyes *
- Permanent impairment of both eyes (defined as “central

visual acuity of 20/200 or less in the better eye [with corrective glasses] or central visual acuity of more than 20/200 if there is a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends on angular distance no greater than 20 degrees in the better eye.”)*

- loss or loss of use of both lower extremities such as to preclude locomotion without the aid of braces, crutches, canes, or a wheelchair ^
- blindness in both eyes, having only light perception, together with the loss or loss of use of one lower extremity ^
- loss or loss of use of one lower extremity together with residuals of organic disease or injury which so affect the functions of balance or propulsion as to preclude locomotion without resort to a wheelchair ^
- loss or loss of use of one lower extremity together with the loss or loss of use of one upper extremity which so affects the functions of balance or propulsion as to preclude locomotion without the aid of braces, crutches, canes, or a wheelchair ^

* – *Rating letter required*

^ – *Physician’s statement required*

Per the state constitution, the amount of this exemption is the greater of \$32,500 or the maximum amount allowable under 38 U.S.C. 2101. (The maximum amount is \$60,000 plus an index factor, which currently adjusts the total to \$63,780.)

For those who were not aware of the amount of the authorized exemption, it is possible to file a claim for a refund of taxes that have been overpaid. Any claim for a refund must be filed within three years after the date of payment.

To apply, take proof of qualifying service, proof of residency, and a copy of VA disability rating letter (or letter from an authorized physician) to a GDVS Veterans Field Service Office. A GDVS service officer will confirm eligibility and issue a letter to be taken to the county tax commissioner’s office.

For more information on tax exemptions, visit dor.georgia.gov, call 404-724-7000, contact your county tax commissioner’s office, or consult a tax professional.

Driving Licenses

Veteran's Driver's License – Free Version

This special version of a Georgia driver's license includes a U.S. flag and the word VETERAN prominently displayed on the front.

An honorably discharged veteran is entitled to a free veteran's driver's license if two criteria are met: Georgia residency and service during a recognized period of war or conflict.

There are two ways to meet the Georgia residency requirement:

- The veteran entered service from Georgia (as shown on DD Form 214) and is a current resident of Georgia.
- The veteran has been a legal Georgia resident for the past two consecutive years.

Honorable military service qualifies if a veteran served on active duty during a period of recognized war or conflict. This includes service in the National Guard or the Reserves, if such service included placement on active duty during a recognized war or conflict. It does not include periodic transfer from reserve status to active duty for training purposes.

Recognized service periods:

- World War II: December 7, 1941 – December 31, 1946

- Korea: June 27, 1950 – January 31, 1955
- Lebanon Conflict: July 1, 1958 – November 1, 1958
- Vietnam: July 1, 1958 – May 7, 1975
- Berlin Conflict: August 14, 1961 – June 1, 1963.
- Dominican Republic Conflict: April 28, 1965 – Sept. 21, 1966
- Grenada Conflict: October 23, 1983 – November 21, 1983
- Panama Liberation: December 30, 1989 – February 15, 1990
- Persian Gulf: August 2, 1990 – present

A member or former member of the National Guard with 20 or more years of creditable service also qualifies. The veteran should obtain certification from the Adjutant General of the State of Georgia and include it with the other required documentation.

In order to obtain a veteran's driver's license (free or paid), the applying veteran must take the required documentation to a GDVS Veterans Field Service Office. A service officer will verify the veteran's eligibility and issue a Certificate of Eligibility (DS-516).

The veteran must then take the completed DS-516, together with all required identifying documents (birth certificate or passport; Social Security card; two documents showing residential address; and, if applicable, name change documentation) to a Georgia Department of Driver Services (DDS) office. A DDS representative will administer a vision exam, verify the veteran's eligibility, and issue a veteran's driver's license. For more information, call 678-413-8400 (Metro Atlanta) or 866-754-3687 (outside Metro Atlanta), or visit dds.ga.gov.

Veteran's Driver's License – Paid Version

A veteran who does not meet the criteria to obtain a free veteran's driver's license may obtain the license by paying the standard licensing fee.

National Guard Driver's License

Any member of the Georgia National Guard or Reserve who is in good standing and has completed at least one year of satisfactory service is eligible for a free National Guard Driver's License.

In order to apply, an eligible member should obtain a Certificate of Eligibility (DS-318) from the National Guard Commanding Officer and take it, together with all required identifying documents (birth certificate or passport; Social Security card; two documents showing residential address; and, if applicable, name change documentation) to a Georgia Department of Driver Services (DDS) office. Education & Training

By law, the Georgia Department of Veterans Service is designated as the State Approving Agency (SAA), responsible for approving and supervising all institutions and establishments in Georgia that offer education and training under the provisions of the Veterans Educational Assistance Program (GI Bill).

Within the GDVS, the SAA function is performed by the Veterans Education & Training Division.

This division is responsible for ensuring that approved institutions and establishments meet and maintain acceptable standards so that eligible persons who attend may receive educational assistance from the U.S. Department of Veterans Affairs.

These programs must have SAA approval before veterans and other eligible persons may receive educational benefits (GI Bill) from VA under the authority of Title 38, U.S. Code and Chapter 1606 Title 10.

Federal and state laws require stringent regulatory compliance of all institutions and establishments approved for veterans attendance. The responsibilities of approval, annual inspections, and ensuring corrective action when necessary, constitute a vital function of the Georgia SAA.

The SAA has the function of ensuring educational institutions and establishments meet and maintain acceptable standards so eligible persons who attend may receive educational assistance from VA. This includes all public and private schools and all establishments offering apprenticeship and other on-the-job training.

The satisfactory performance of these duties requires SAA personnel to have extensive knowledge in education administration and a full understanding of the laws and regulations that govern and control the Veterans Educational Assistance Program.

For further information concerning approved universities, colleges, technical and trade schools; flight schools; correspondence schools; apprenticeship and on-the-job training programs, contact any of the SAA staff.

Contact: 404-656-2306 or saaga@vs.state.ga.us.

On-the-Job Training Programs

On-the-Job (OJT) programs may be approved for a wide variety of entry-level jobs. Once approved, a veteran participates in the OJT program while working under the employer's supervision. The veteran receives monthly VA education benefits in addition to regular salary.

In order to apply, a veteran must be employed full-time with an employer who can provide training in a bona fide trade or skill in which the veteran is not already qualified.

Apprenticeship Programs

Apprenticeship training is similar to OJT, but includes theoretical instruction as well as practical training. While learning a trade as an “apprentice,” the veteran is taught by a skilled worker, a “journeyman.” Once approved, the veteran receives VA education benefits while working full-time and earning wages.

Apprenticeship programs differ from OJT in that they are normally two or more years in length. They require a minimum of 144 hours of related classroom instruction per year. The employer, local technical college, union, or the Federal Bureau of Apprenticeship Training usually provides classroom instruction.

The SAA approves non-registered programs. Both the Federal Bureau of Apprenticeship Training and the SAA approve registered apprenticeship programs. Some examples of approved programs are carpenter, electrician, brick mason, and plumber.

State War Veterans Homes

 - ♦ Resided in Georgia two years immediately preceding the date of application
 - ♦ Resided in Georgia five or more of the past 15 years

Georgia War Veterans Nursing Home – Augusta

The Georgia War Veterans Home in Augusta is a 192-bed skilled nursing care facility located adjacent to the campus of Georgia Regents University, across from the Charlie Norwood VA Medical Center. It is operated under an interagency agreement between the GDVS and GRU.

Dedicated in 1969, the home was the first of its kind built with federal financial grant assistance. It is one of a select group of such institutions accredited by The Joint Commission.

Along with the provision of skilled nursing care, the home serves as a teaching facility to acquaint medical, dental, pharmacy, and allied health students with the medical conditions and diseases of the aged. This provides students with practical experience and helps them gain expertise in treating the disabled and the elderly.

Additionally, the home contains a GDVS Veterans Field Service Office to assist veterans in the area.

State Veterans Memorial Cemeteries

The Georgia Veterans Memorial Cemeteries, established for the interment of faithful and honorable military veterans, are shrines recognizing all Georgia veterans.

There are two Georgia Veterans Memorial Cemeteries, located in Glennville and Milledgeville, open for interment of qualified veterans and dependents.

Each cemetery includes a welcome center, a chapel, in-ground interment areas, and columbariums connected by paved roadways and walkways in beautiful landscaped settings. Gravesite locators are available for the convenience of visitors.

Eligible for interment:

- Veterans with a discharge other than dishonorable

- Members of the Reserves or National Guard who were eligible for retirement pay at the time of death (or who would have been entitled to retirement pay at age 60)
- Members of the U.S. armed forces killed in the line of duty while on active duty or active duty for training
- Members of the U.S. armed forces who otherwise died on active duty
- Certain other veterans as defined in federal law
- Spouses, unmarried dependents under the age of 21, and eligible life-long dependents of any of the above

Proper paperwork is required to determine eligibility. The veteran's name; rank; serial, social security and VA claim numbers; date of birth and date of death must be provided to cemetery personnel. A copy of the veteran's DD Form 214 or other proof of service is required. A copy of the marriage certificate is required for the spouse to be buried with the veteran.

Standard upright, granite headstones are used to mark the burial sites of casketed and cremated remains. Small granite covers are used to mark the niches of cremated remains placed in columbariums.

Plots, vaults, niches, and markers are provided at no charge. Use of the committal chapel for interment services is also free. The family is responsible for all other expenses.

The vaults provided are concrete-lined and double-depth for the veteran and spouse or dependent. (If the veteran selects interment for cremated remains, the spouse or dependent must also select interment for cremated remains.)

The GDVS pledges to honor the dignity and memory of each person. Cemetery staff will make the interment as compassionate and comfortable as possible, ensuring the committal service and any other requests are handled respectfully. They will assist family and friends in every way possible during their time of sorrow.

Business hours are from 8 a.m. to 4:30 p.m., Monday-Friday.

Interment hours are from 9 a.m. to 3 p.m., Monday-Friday.

Appendix: Frequently Asked Questions

Records

How do I obtain a copy of my DD Form 214?

If your Home of Record is listed as Georgia, the Georgia Department of Veterans Service should have a copy of your DD Form 214 on file. Contact the GDVS at 404-656-5940 to request a copy.

If your Home of Record is listed as another state, you may file a request via the National Archives: [archives.gov/veterans](https://www.archives.gov/veterans).

If you are requesting a DD Form 214 for a family member, the request must be filed via the National Archives.

How do I obtain a certified copy of my DD Form 214?

You will need to complete a Standard Form 180 (SF 180), sign and mail it to the address in block #14 to the Military Records section of the National Personnel Records Center, St. Louis, MO.

To obtain SF 180, contact any GDVS Veterans Field Service Office, call the U.S. Department of Veterans Affairs at 800-827-1000, or visit the SF 180 topic at [archives.gov/veterans](https://www.archives.gov/veterans).

How do I obtain military medals from service?

For assistance, you may contact any GDVS Veterans Field Service Office, call the U.S. Department of Veterans Affairs at 800-827-1000, or visit [archives.gov/veterans](https://www.archives.gov/veterans).

What is the Vietnam War Certificate of Honor?

How do I get one?

The Vietnam War Certificate of Honor was introduced as part of the commemoration of the 50th anniversary of the Vietnam War. The State of Georgia and the GDVS want to honor every Vietnam War veteran in the state.

The certificate is available to every Georgia veteran with honorable service during the Vietnam War. This includes veterans with service in country and those who served in other capacities.

Each certificate is personalized with the Vietnam War veteran's name, rank, branch of service, and dates of service printed over the Seal of the State of Georgia and includes the official U.S. Department of Defense's Vietnam War Commemorative Partner logo.

To learn more about the program or to apply for a certificate, contact the GDVS Commemoration Office at certificates@vs.state.ga.us or 404-463-3080.

Federal Benefits

Can the GDVS help me apply for federal veterans benefits?

Absolutely. GDVS personnel are certified to counsel veterans on their eligibility for federal veterans benefits and assist them in applying. Further, if the initial claim is denied, the GDVS can assist in the appeals process. Find an office near you by visiting veterans.ga.gov/field-offices.

I have been advised to apply to VA for compensation.

What is compensation, and how do I apply?

Compensation is a benefit program that evaluates a disability resulting from all types of diseases and injuries encountered because of military service. Generally, the degree of disability specified is also designed to compensate for considerable loss of working time from exacerbations or illnesses. We will be happy to assist you with the application process; visit any GDVS Veterans Field Service Office for assistance. For additional information, see the compensation topic at the U.S. Department of Veterans Affairs website, va.gov.

My spouse died of a service-connected disability.

What benefits am I entitled to, and how do I apply?

The entitlement is referred to as Dependency and Indemnity Compensation (DIC). This benefit pays a monthly payment to a surviving spouse, child, or parent of a veteran whose death was determined to be service-connected. We will be happy to assist you with the application process; visit any GDVS Veterans Field Service Office for assistance. For additional information, see the DIC topic at the U.S. Department of Veterans Affairs website, va.gov.

I was exposed to Agent Orange during my service.

What benefits am I entitled to?

The chemical defoliate Agent Orange is closely associated with Vietnam, as it was used extensively in the jungles and adjoining regions. Any veteran who served in Vietnam is presumed to have been exposed to Agent Orange. (Such “boots on the ground” service includes traveling certain waterways and adjacent areas.) Also presumed exposed are members of the Air Force and Air Force Reserve who worked on contaminated aircraft. Agent Orange was also deployed in the Korean demilitarized zone during 1968-71.

There are 14 medical conditions linked to Agent Orange exposure. (See the list at publichealth.va.gov/exposures/agentorange/conditions.) A veteran who develops one of these conditions may be eligible for compensation and medical care.

We will be happy to assist you with the application process; visit any GDVS Veterans Field Service Office for assistance.

Veterans in Georgia

How many veterans live in Georgia?

As of September 30, 2014, the National Center for Veterans Analysis and Statistics estimated 752,882 veterans living in Georgia.

For more in-depth figures, including county-by-county breakdowns, visit the NCVAS website: va.gov/vetdata.

Can I have a list of all the veterans in an area?

The Georgia Department of Veterans Service does not maintain a list of all veterans living in Georgia. While we do maintain lists of veterans receiving services or assistance, that information is confidential and is not available to the public.

What information is available about Georgians killed in action?

Lists of all veteran casualties with a Home of Record in Georgia are currently being developed. Anyone interested in using these lists will be able to search for information by what conflict they served in, the county of the Home of Record, and year of death.

When these lists are completed, they will become available at veterans.georgia.gov/history.

How do I locate a veteran?

The U.S. Department of Veterans Affairs and the Georgia Department of Veterans Service are limited, by law, to the extent they can help locate a veteran. VA will try to forward a letter to a veteran, but it is up to the veteran to contact the sender of the letter.

The proper procedure is to write a letter to the veteran and place it in an unsealed envelope, bearing the veteran's name, with sufficient postage to cover mailing costs. Forward that letter and envelope to VA. Include a cover letter detailing as much identifying information about the veteran as possible: full name, date of birth, last known address, service serial number, VA claim number, Social Security number, last military address, rank, and date of discharge.

Mail the request to: VA Regional Office-Atlanta, Attention: Privacy Act Office (211D), 1700 Clairmont Road, Decatur, GA 30330.

VA will forward the letter to the veteran's address if it is known. If the address is unknown or if the letter is returned undeliverable, VA will return the writer's original letter.

Can you put me in touch with a veterans service organization?

GDVS maintains a list of the major veterans service organizations operating in Georgia. Visit veterans.ga.gov/vso-leadership.

Employment

How do I find a job with the GDVS?

As vacancies occur within the GDVS, they are announced and recruited via the Team Georgia Careers website: team.georgia.gov/careers. This is the primary recruiting site for job vacancies in Georgia state government agencies.

What other job resources are available from the state?

The Georgia Department of Labor (GDOL) offers assistance to job-seeking veterans and their families. Job search workshops, résumé and cover letter assistance, and resources for transitioning into the civilian workforce are a few of the services provided for veterans.

Find more information at the GDOL's Veteran Assistance topic at dol.state.ga.us/js/find_vet_info.htm.

Aren't there companies specifically looking for veterans?

Job-seeking veterans may also be interested in Operation: Workforce, a program developed by the Workforce Division of the Georgia Department of Economic Development specifically to connect job-seeking veterans with employers who want to hire them.

Veterans can find tools to translate their military occupational classifications into civilian jobs and search for career opportunities with employers who have pledged to hire veterans.
